Dear Parent/Carer

Last year we carried out a consultation into the council's provision and charges for school breakfast clubs across the city.

This was because uptake varied considerably in schools and in many the service was running at a loss and in danger of closure.

The majority of the consultation responses favoured a proposal to increase the daily cost of the breakfast clubs in order to safeguard this valuable service to families and without impacting on families who are eligible for free school meals.

A decision has now been taken, following the Council's budget announced on 10 March and the current financial challenges, to increase the cost from £1 per day to £2 per day.

The new cost will start after the Spring school holidays for families who are not eligible for free school meals and who currently pay for the school breakfast service.

Yours sincerely

Carol Scott
